THE LAW SCHOOL.

The Law School of the Columbian University is held in the Law Building, situated on Judiciary Square, Fifth street, between D and E streets.

ADMISSION.

The course of study is adapted to graduates of colleges, and to any who have attained a sufficient discipline of their mental powers. All, however, who desire, are admitted to the recitations and lectures of the School, it being understood that their graduation will depend on their success in mastering the daily exercises and in passing the final examinations. No one is admitted as a candidate for graduation in the Senior Class who has not spent one year either at this or some other Law School, or performed a corresponding amount of study under some approved attorney.

SESSIONS.

The entire course of study embraces two years. The annual session begins on the second Wednesday in October and ends on the second Tuesday in June. The exercises of the School are all held after the usual office hours, which close at 3 o'clock, thus giving to students the entire day for study, for reading in the public libraries, and for attending the several courts of the Capital, and at the same time enabling young men engaged in office duties to avail themselves of the facilities of the School.

COURSE OF INSTRUCTION.

The School is divided into two classes, a Junior and a Senior.

Junior Class.

PROF. COX.

The instructor of the Junior Class, aiming to secure for his pupils as thorough and accurate a knowledge of the law of *real and personal property, of contracts, and of crimes and misdemeanors*, as it is possible for them to attain within the brief

period of a scholastic year, places in their hands successively, *Blackstone's Commentaries*, *Kent's Commentaries*, *Parsons on Contracts*, and *Byles on Bills*, as text-books to be carefully read and studied by them. He meets the class on Tuesday, Thursday, and Saturday of each week. For each meeting a lesson of moderate length is assigned, and the lesson for the evening forms the subject of his lecture. In his lecture he reviews, illustrates, and simplifies, as far as he can, the teachings of the lesson; shows how far, and in what particulars, the law contained in it has been repealed or modified, either by English or American statutes, or by the American common law; notices, particularly, such English statutes as are in force in our own country as parts of the American common law; and tries to remove the doubts and uncertainties that are apt to trouble and perplex those entering for the first time upon the study of the law. And to insure a careful reading of the lesson, and proper attention to his lecture, he, at the close of the latter, questions the class upon the important points of each; and, by his catechetical analysis, reproduces, and impresses upon the memories of his pupils, the teachings of both lesson and lecture.

The Senior Class.

PROF. MAURY.

The students of the Senior Class meet the Professor charged with their especial instruction on Monday, Wednesday, and Friday of each week, and while pursuing the special studies of the Senior course are required to attend the recitations and lectures of the Junior year, that they may be thoroughly grounded in the law of real and personal property and of contracts.

The special studies of the Senior year begin with Common Law Pleading, in which Stephen on Pleading, as edited by Tyler, is used as the text-book of the class. Next follow instructions on the Law of Evidence, with the first volume of Greenleaf on Evidence as a manual. To these succeed instructions in Equity Jurisprudence and Equity Pleading and Practice,—Smith's Manual of Equity, and Mitford and Tyler's Pleadings and Practice in Equity being the text-books used under these heads. The closing part of the course is occupied with the Law of Partnership considered in itself, and in its relations to remedies afforded in Courts of Equity. And because of their special character, lectures are

given on the remedies, Ejectment, Quo Warranto, Scire Facias, and Mandamus, as also lectures, by way of review, on Pleading and on Evidence, delivered at the close of the whole course.

The method of instruction pursued in this class is as follows: A lesson comprising a certain number of pages in the text-book is assigned to the class, and on the subject-matter of this lesson the Professor at his next meeting lectures according to the requirements of the case. At the next meeting he examines the class on the text and lecture of the preceding meeting—using for this purpose carefully written questions, and calling up indiscriminately the members of the class. In this way the students are trained to reproduce with readiness and accuracy the principles they have learned both from the text-books and the Lectures of the Professor.

MOOT COURTS.

A moot court, organized by the students under the conduct of one of the Professors, furnishes experience in the practice of the lawyer's professional duties. Associations composed of students of the School, formed for mutual improvement in the discussion of subjects connected with law studies, and for practice in forensic debate, are encouraged. The halls of the Law Building, warmed and lighted, are free for the use of such associations.

LIBRARIES.

The Library of the Law School will be furnished with important text-books, Reports, and other books of reference. The unequalled collection of the Congressional Library is open during seven hours of each day to all who wish to examine any authority, or to take notes from any book of reference, ancient or modern.

SPECIAL FACILITIES.

The city of Washington furnishes special facilities for the law student as well as for the general scholar. Besides the local courts, both of criminal and civil jurisdiction, the sessions of the Supreme Court, are valuable for practical instruction to students. In addition to these, the discussions on patent law, the deliberations of the Court of Claims, and the debates on constitutional and international law in the Halls of Congress, form a combi-

nation of facilities such as no other city affords to one desirous of general improvement.

EXAMINATION AND GRADUATION.

All candidates for graduation are required to pass a general examination, at the end of their course, on all the studies of the two years, in the presence of the Faculty and of such committee as the Trustees of the University may appoint. This examination is conducted upon printed questions, which are answered by each student in writing.

The degree of Bachelor of Laws is granted to students who, having passed both years of the prescribed course in the School, or who, on presenting credentials of equivalent study in some law college or office, and passing one year in the School, shall sustain satisfactory examinations in all the studies of both the Junior and Senior classes.

The time spent in the Law School of the University is counted as part of the period of study required for admission to the bar of the Supreme Court of the District of Columbia.

PRIZES.

Three prizes, one of forty dollars, one of thirty dollars, and one of twenty dollars, are annually given to the respective authors of the best three essays among all those handed in by such members of the graduating class as shall compete for them. The prizes are awarded by the regular professors of the School.

COMMENCEMENT.

The degrees are publicly conferred, and the prizes publicly delivered, at the annual Commencement of the Law Department, when, in connection with other appropriate exercises, an address is delivered to the graduating class by an eminent member of the bar whom they may have selected for the purpose.

EXPENSES.

The entire charge for tuition, lectures, use of library, and all facilities of the School, is *eighty dollars* for a single year, or *one hundred and fifty dollars* for two years, payable in advance half

yearly, or in monthly instalments, at the option of students. Students desiring to devote three years or more to the preparation for graduation, giving special attention also to the subsidiary lectures of the course, may have this privilege by the payment of *two hundred dollars* for the entire course. Half-year tickets of admission to recitations and lectures are issued on the second Wednesday in October and February, on payment of *forty dollars* in advance. Half-year tickets to attendants on lectures and other exercises of the School, who are not candidates for graduation or subjects of examination, are furnished at *twenty dollars*, invariably in advance. A charge of *two dollars* is made for diplomas. Students from abroad can secure board at prices as reasonable as in any other city. Those who wish to do so can occupy rooms in the College building at a charge of *forty dollars* per year for room rent.

Graduates of the School are admitted to all lectures of the undergraduate course in subsequent years without charge.

POST-GRADUATE COURSE IN PRACTICE.

A post-graduate course of instruction in Common Law Practice, and in Equity Pleadings and Practice, designed to show the application of the principles of law to the transactions of business life and to the actual proceedings of courts, is conducted by Professors Cox and Maury, as a supplement to the undergraduate course of the Law School.

In the Common Law Branch the students use a work on Practice prepared by Professor Cox, after which they are exercised in the conduct and trial of causes, and thus taught to apply their theoretical learning in pleadings, practice, and evidence. In connection with this course, it is intended that they shall also study some such work as Archbold's Law of Nisi Prius. During more than half the term the exercises will be those of a Nisi Prius Moot Court.

In the Equity Branch the students will be instructed in the general principles of equity pleadings, and in the mode of conducting an equity cause. The text-book employed will be Mitford and Tyler's Equity Pleading and Practice.

Candidates for admission to the Post-graduate course will be required to furnish evidence that they have been diligent and successful students of law for the term of two years. Diplomas of respectable law schools, certifying that their holders have been graduated after such a term of study, will be received as evidence of qualification for admission to the course. At the end of the course all such students who shall sustain a satisfactory examination in its instruction and exercises will be entitled to a diploma admitting them to the degree of Master of Laws. Students who have pursued a two-years' term of study in a lawyer's office will also be admitted to the course, on presenting a certificate of the fact from the lawyer under whose direction they may have studied, but such students, if aspiring to the degree of Master of Laws, will be required, as the condition of receiving it, to sustain a satisfactory examination for the degree of Bachelor of Laws as well as for the degree of Master of Laws.

The tuition fee for this course, covering a period of nine months, is \$50.

THE MEDICAL SCHOOL.

The commodious building in which this School holds its sessions was given to the University through the munificence of WILLIAM W. CORCORAN, LL. D., and is situated on H street, between Thirteenth and Fourteenth streets, in Washington.

The School is furnished with a museum containing a valuable collection, and is also provided with other appointments suitable for purposes of medical, anatomical, and surgical study.

The plan of instruction pursued in the School comprises a course of didactic lectures on the seven essential branches of medical science, viz: Anatomy, Physiology, Materia Medica, Chemistry, Surgery, Obstetrics, and the Theory and Practice of Medicine, by which the student becomes versed in the *principles* of his profession; and, conjoined with this, ample opportunities will be afforded for bedside instruction, by which the general principles taught in the lecture-room can be verified, illustrated, and *practically applied*, under the immediate observation of the student. In this latter particular no pains will be spared to render him perfectly familiar with the various modes of examining patients, analyzing symptoms, and arriving at a correct diagnosis and prognosis of any case that may be presented. In like manner he will learn, from the hands of those ripe in experience, the art of prescribing medicines and of observing their effects, the mode of performing surgical operations, &c.

CLINICAL INSTRUCTION.

The opportunities for clinical instruction in the city of Washington have of late years increased in proportion to its augmented population and growing business activity. Providence Hospital, Columbia Hospital for Women, the Children's Hospital, the Washington Asylum, and the Freedmen's Hospital, together with the various Dispensaries in the city, present abundant facilities for the practical study of disease, while these institutions are so located that students from any part of the city may always have easy access to them by means of the street railroads, now running

in almost every direction. Those members of the Faculty holding hospital positions will give notice of their respective clinical programmes at the commencement of the session.

In connection with the College there is a free dispensary service, from 1 to 3 p. m., daily. Students have the privilege of being present during these hours, and of witnessing the mode of examination and treatment of disease.

LIBRARIES, ARMY MEDICAL MUSEUM, &c.

The medical student has free access to the Libraries of Congress, of the Army Medical Museum, of the Smithsonian Institution, and of the Patent Office, all of which contain rare and costly works in every department of science and literature. The Army Medical Museum, situated on Tenth street, between E and F, is also open for inspection daily from 9 to 3 o'clock. With its unrivalled collection of pathological specimens, illustrating the results of disease in every form, and an almost unlimited number of other preparations, showing the effects of gun-shot wounds and surgical injuries of every kind, this Museum presents a field for study equal, and perhaps superior, to that of any institution of the same kind either in this country or Europe.

As the College lectures begin at 5.30 in the evening, ample time is afforded during the term for visiting the public buildings and other places of interest. Prominent among these may be mentioned the Government Botanical Gardens and the grounds of the Agricultural Department, where the student of botany may find a rare collection of medical plants, from which are derived many of the preparations of the *materia medica*. At the United States Patent Office models of many curious medical and surgical instruments may be daily inspected from 9 to 4 o'clock, thus affording to the student an opportunity of studying the mechanical contrivances used in Medicine, Surgery, and Obstetrics.

PRACTICAL ANATOMY.

The Dissecting-Room, newly constructed in the most approved style, is large and thoroughly ventilated. It is amply supplied with gas-light, water, and everything that can contribute to the convenience and comfort of the student. The room is open dur-

ing the day, and in the evening until 11 p. m., under the direction of the Demonstrator of Anatomy, who will always be present in the evening to give his personal attention to the classes and properly instruct them while conducting their dissections.

GENERAL SKETCH OF THE SEVERAL LECTURE COURSES.

MATERIA MEDICA AND THERAPEUTICS.

PROF. JOHN C. RILEY, ONE OF THE ATTENDING PHYSICIANS TO PROVIDENCE HOSPITAL.

In this department great pains will be taken to render the student familiar with the natural history, the appearance or physical properties, as well as the chemical composition, of the various articles of the materia medica. Medicines often fail to produce their appropriate effects because they are spurious, adulterated, unskillfully prepared, collected at the wrong season, or kept too long, &c. These various sources of error and disappointment will be discussed with care and minuteness, and for this purpose every article lectured upon will be exhibited to the class, and the various ways in which it is adulterated, with the best mode of detection, will be fully explained.

Especial attention will be paid to the physiological effects and the therapeutical adaptation of remedies. Their *modus operandi* will be discussed, in a general way, at the commencement of the course, and each particular article subsequently noticed with reference to its particular action.

SURGERY.

PROF. J. FORD THOMPSON, ONE OF THE ATTENDING SURGEONS TO PROVIDENCE HOSPITAL.

The principles and practice of Surgery will be taught from this chair, both by didactic lectures and clinical instruction. Orthopedic Surgery and Diseases of the Genito-Urinary system will be included in this course. Regular clinics will be held during the term at Providence Hospital, where every facility will be afforded to the class for witnessing surgical operations. At the Medical building also operations will be performed upon the *cadaver*, and the use of all important surgical instruments and appliances will be demonstrated in the same manner. A fine collection of colored models, life-size, and illustrating surgical anatomy, forms an attractive feature of the surgical course.

THEORY AND PRACTICE OF MEDICINE.

PROF. W. W. JOHNSTON, ONE OF THE ATTENDING PHYSICIANS TO THE CHILDREN'S HOSPITAL.

The course of instruction in this department will, it is hoped, impress upon

the memory of the student the main facts of pathology, and supply him with the necessary knowledge to observe the phenomena of disease.

The study of diseased tissue will be a constant prelude to that of disturbed function, and the relations of one to the other will be fully developed. In furtherance of this plan, microscopic teaching will be constantly used to supplement description and diagrammatic representation.

OBSTETRICS AND THE DISEASES OF WOMEN AND CHILDREN.

PROF. A. F. A. KING, ONE OF THE ATTENDING PHYSICIANS TO PROVIDENCE HOSPITAL.

The course in this department will comprise a series of sixty didactic lectures, illustrated by an elaborate collection of more than life-sized diagrams, manikins, models, and wet anatomical preparations. The various obstetrical instruments, as well as those employed in the treatment of uterine diseases, will be exhibited to the class, and their uses explained. The professor will endeavor to provide cases of midwifery whenever practicable, but these will be given out only to advanced students or candidates for graduation. During the latter part of the term special attention will be given to the diseases of women, with a view to render the student familiar with the various modes of manual and instrumental examination, and the surgical and therapeutical remedies required in the management of uterine disease.

CHEMISTRY AND TOXICOLOGY.

PROF. EDWARD T. FRISTOE.

The instruction in this department embraces—

1st. A short discussion of the various branches of Physics, as Specific Gravity, Pneumatics, Heat, Light, Electricity, &c., so far as they relate to the science of Chemistry.

2d. The principles of chemical Philosophy, the laws of chemical combination, and of chemical affinity in general.

3d. A discussion of the elementary bodies, both metallic and non-metallic, the best methods of preparing the various inorganic bodies, their properties and reactions, and the means of detecting their presence.

4th. The so-called "organic bodies" will be considered, as far as time will permit, especially those most useful to the physician, such as organic acids and their salts, alkaloids, &c.

Throughout the entire course the application of Chemistry to Medicine and Pharmacy will be constantly brought before the student.

Special attention is given to Toxicology. Every poison is studied, so far as the tests for its presence, and appropriate antidotes, are concerned.

The principles of the science are abundantly illustrated by experiments.

ANATOMY, DESCRIPTIVE AND SURGICAL.

ELLIOTT COUES, M. D., PH. D., ASSISTANT SURGEON U. S. ARMY.

These lectures will be so arranged as to give a course of descriptive and surgical anatomy as completely as possible within the limits of the session, including the necessary elements of normal histology, and illustrated by appropriate preparations, diagrams, and models. Examinations will be conducted weekly throughout the course.

The Demonstrator of Anatomy, in addition to giving his personal attention to the student in the dissecting-room, will assist the didactic lectures of the chair by such practical demonstrations as occasion may suggest.

PHYSIOLOGY.

PROF. WM. LEE, ONE OF THE VISITING PHYSICIANS TO THE COLUMBIA HOSPITAL DISPENSARY.

This course of lectures will consist of a practical exposition of physiology, aided, as far as possible, by chemical experiments, diagrams, and the use of the microscope. The more fully to impress upon the memory of the student the important principles embraced in this part of his curriculum, reviews will be held from time to time in the form of class examinations. The course will be confined strictly to Physiology, with a view to cover fully the whole ground occupied by this branch.

TEXT-BOOKS AND WORKS OF REFERENCE.

ANATOMY.—Gray's Anatomy; Hodge's or Holden's Dissector; Sharpey & Quain's Anatomy; Stricker's Histology.

SURGERY.—Gross' System of Surgery; Erichsen and Drutt.

MATERIA MEDICA.—United States Dispensary; Wood's Therapeutics; Pereira's Materia Medica; Riley's Materia Medica and Therapeutics.

CHEMISTRY.—Attfeld's Medical Chemistry; Fowne's, Barker's Chemistry, or Bloxam's; Bowman's Medical Chemistry.

OBSTETRICS.—Leishman's, Hodge's, and Cazeaux's Obstetrics; Barnes & Thomas on Diseases of Women; Meigs & Pepper on Diseases of Children; and Diseases of Children, by J. Lewis Smith.

PHYSIOLOGY.—Dalton's; Flint's Physiology; Burdon-Sanderson's Handbook of Physiology; Marshall's Physiology; Frey on the Microscope.

PRACTICE OF MEDICINE.—Niemeyer's, Flint's, Watson's, or Aitkin's Practice; Wunderlich's Medical Thermometry, (Seguin;) Rindfleisch's Pathological Histology.

FEES, REGULATIONS, &c.

The Annual Session begins on the first Monday of October, and ends on the third Thursday of March.

The entire expense for a Full Course of Lectures by all the Professors is.....\$135 00
Single Tickets.....20 00

Practical Anatomy, by the Demonstrator.....	\$10 00
Matriculating Fee, payable only once.....	5 00
Graduating expenses.....	30 00
No charge made for Clinical Lectures.	

Payment of the fees is required in all cases, and tickets must be taken out at the commencement of the session.

The requisites for graduating are, that the candidate shall have attended the Lectures of each Professor two full courses; or one full course in this School, and one full course in some other respectable institution. He shall have studied medicine at least three years under the direction of some practitioner. He must have a good moral character, and he shall have dissected during at least two sessions. He shall have entered his name with the Dean of the Faculty as a candidate for graduation, and delivered to him an Inaugural Dissertation upon some medical subject thirty days before the close of the session, and must pass a satisfactory examination.

At the end of each term three prizes are given—a General Examination prize, a Thesis prize, and an Anatomical prize—valued at twenty-five dollars each.

All persons who have attended two full courses of Lectures in this School are entitled to attend succeeding courses free of expense.

Graduates of other accredited medical colleges after three years are required to matriculate only. Prior to the expiration of three years the fee for a general ticket is \$50.

The price of board and all other personal expenses are as reasonable in Washington as in other large cities of the Union.

Students requiring further information are requested to communicate with the Dean of the Faculty.

THE COLUMBIAN COLLEGE.

The regular course of instruction given in this Department is comprised in seven schools, as follows :

I. SCHOOL OF ENGLISH : including English Philology, English Literature, Rhetoric, Logic, Elocution, General History, and Anglo-Saxon.

II. SCHOOL OF GREEK : including the Greek Language and Literature, and the History of Greece.

III. SCHOOL OF LATIN : including the Latin Language and Literature, and the History of Rome.

IV. SCHOOL OF MODERN LANGUAGES : including the French and German Languages and Literatures, with the History of France and Germany.

V. SCHOOL OF MATHEMATICS : including Pure Mathematics, Mechanics, and Astronomy.

VI. SCHOOL OF NATURAL SCIENCE : including Physics, Chemistry, and Natural History.

VII. SCHOOL OF PHILOSOPHY : including Mental and Moral Philosophy, Political Philosophy, and the Philosophy of History.

SCHOOL OF ENGLISH.

PROFESSOR SHUTE.

There are four classes in this school.

Freshman Class.—Instruction is given in the grammatical forms of the English language, its structure, and its idiomatic character ; also in reading, elocution, and composition.

Text-Book : Fowler's English Language.

Sophomore Class.—Instruction is given in the fundamental principles of style and invention, mainly in their rhetorical, and incidentally in their logical aspects. Instruction is given in elocution and composition ; also, in the general outlines of English and American history.

Text-Books : Campbell's Rhetoric ; Whately's Rhetoric ; Smith's Student's Hume ; Eliot's History of the United States.

Junior Class.—Instruction is given in the principles of pure and applied logic, and application of these principles is required in analyzing and reconstructing ordinary forms of argumentation in select authors. Instruction is also given as to the origin, development, and present powers of the language ; also, in the biography, times, and works of the best English writers.

Text-Books: Bowen's Logic; Thomson's Outlines of the Laws of Thought; Earle's Philology of the English Tongue; Shaw's English Literature. Declamation and composition are required.

Senior Class.—Instruction is given in Anglo-Saxon and Early English, with select readings from the Anglo-Saxon Gospels, Beowulf, Ormulum, and Chaucer.

Text-Books: Shute's Manual of Anglo-Saxon; Corson's Hand-book of Anglo-Saxon and Early English; March's Anglo-Saxon Grammar.

Essays and original orations are required through the year.

The Anglo-Saxon being an optional study, is not required for a degree.

SCHOOL OF GREEK.

PROFESSOR HUNTINGTON AND TUTOR LYNE.

In this School instruction is given in the Greek Language and Literature, and in Greek History. The School embraces four classes: Freshman, Sophomore, Junior and Senior, with the following text-books:

1. In the Freshman Class: Xenophon's Anabasis; Homer's Iliad; Goodwin's and Hadley's Greek Grammar; Boise's Greek Prose Composition; and Smith's History of Greece.

2. In the Sophomore Class: Herodotus or Thucydides; Xenophon's Memorabilia; Hadley's Greek Grammar; Boise's Greek Prose Composition.

3. In the Junior Class: Sophocles, Euripides, and Demosthenes.

4. In the Senior Class: Plato.

Lectures are given to the classes on Greek Literature.

To the two higher classes are assigned frequent exercises in rendering into Greek English translations from Greek authors.

Liddell and Scott's Greek Lexicon; Kühner's Greek Grammar; Browne's History of Greek Literature; Findlay's or Long's Classical Atlas, and Smith's Greek and Roman Antiquities, are recommended to students in all classes.

SCHOOL OF LATIN.

PROFESSOR HUNTINGTON AND TUTOR MONTAGUE.

In this School instruction is given in the Latin Language and Literature and in Roman History. The School has four classes: the Freshman, Sophomore, Junior, and Senior, with the following text-books:

1. In the Freshman Class: Ovid; Livy; Harkness' Latin Grammar and Latin Prose Composition; and Liddell's History of Rome.

2. In the Sophomore Class: Cicero de Amicitia et de Senectute; Horace; and Harkness' Latin Prose Composition.

3. In the Junior Class: Tacitus and Juvenal.

4. In the Senior Class: Quintilian.

Lectures are given to the classes on Roman Literature.

In the two higher classes exercises in composition are continued by rendering into Latin English translations of passages from Latin authors.

Madvig's, Zumpt's, and Allen and Greenough's Latin Grammar, (in addition to Harkness',) Andrews' or White's Latin Lexicon, Browne's History of Roman Literature, and Findlay's or Long's Classical Atlas, are recommended to students.

SCHOOL OF MODERN LANGUAGES.

PROFESSOR JANUS AND PROFESSOR SHUTE.

This School is divided into two Departments, the French and the German, of which the former is under the direction of Professor Janus, and the latter under the direction of Professor Shute.

In the French Department there are three classes: the Freshman, the Sophomore, and the Junior.

A course of grammatical instruction, with oral and written exercises, is begun in the Freshman Class. Text-books: Fasquelle's French Grammar; *Leçons de Littérature Française Classique*.

In the Sophomore Class attention is given to higher grammatical analysis, and to exercises in French composition and conversation. Text-books: *Grammaire Française de Noël et Chapsal*; Sadler's Exercises for translating English into French; Williams' Exercises in Conversation.

In the Junior Class portions of classical French authors are read in connection with the foregoing exercises.

Candidates for the degree of A. M. write original French essays during the fourth year of their course.

In the German Department there are three classes: the Freshman, the Sophomore, and the Junior.

Freshman Class: The study of the language is begun in this class. Students are drilled in the grammatical principles of the language, and constant exercise is required in rendering English into German, as well as in translating German into English.

Text-Book: Otto's Conversation Grammar.

Sophomore Class: The study of the Grammar is continued throughout the year in this class also.

Text-Books: The Grammar, and Goethe's *Hermann und Dorothea*.

Junior Class: Schiller's *Jungfrau von Orleans*, and Selections from Goethe.

Candidates for the degree of A. M. write original German essays during the fourth year of their course.

SCHOOL OF MATHEMATICS.

PROFESSOR FRISTOE AND TUTOR WINSTON.

In this School are taught Pure Mathematics, Mechanics, and Astronomy. There are four classes:

1. The Freshman, in which are taught Algebra, and Plane and Solid Geometry.

Text-Books: Loomis' Algebra and Geometry, and Olney's University Algebra.

2. The Sophomore, in which are taught Plane and Spherical Trigonometry and their application to Surveying, (with the use of Instruments,) and Analytical Geometry.

Text-Books: Loomis' Trigonometry and Surveying, and Olney's Analytical Geometry.

3. The Junior, in which are taught Differential and Integral Calculus, and their applications.

Text-Books: Olney's or Todhunter's Calculus.

4. The Senior, in which are taught Mechanics and Astronomy.

Text-Books: Olmsted's and Smith's Mechanics and Loomis' Astronomy.

SCHOOL OF NATURAL SCIENCE.

PROFESSOR FRISTOE.

This School is divided into four classes:

1. The Freshman, in which are taught the principles of Human Physiology and Structural and Systematic Botany, and Zoology. By pursuing these studies in the early part of his course, the student becomes familiar with the methods of classification, and learns at the same time the habit and value of accurate observation.

Text-Books: Dalton's Physiology, Gray's Botany, and Nicholson's Zoology.

2. The Sophomore, in which are taught the various branches of Experimental Physics, viz: Hydrostatics, Hydrodynamics, Pneumatics, Acoustics, Heat, Light, and Electricity.

Text-Books: Ganot's Natural Philosophy, and Silliman's Natural Philosophy.

3. The Junior, in which are taught Inorganic and Organic Chemistry, embracing the Principles of Chemical Philosophy, the Laws of Chemical Combination, the preparation of Elementary and Compound Bodies, the methods of Analysis, Inorganic and Organic, the detection of Poisons, and the methods of counteracting their effects.

Text-Books: Barker, Roscoe, and Fowne.

4. The Senior, in which are taught Mineralogy and Geology. The instruction begins with general Mineralogy, as an introduction to Geology. In Geology, the Physical Characters of the Earth as it now exists are first studied, then its History and Changes, and lastly, the causes that have produced these Changes and their identity with existing causes.

Text-Books: Dana's Mineralogy and Geology.

In this School, students who have passed through the class in Chemistry can pursue, at their option, Qualitative and Quantitative Analysis, for which an extra fee of \$50 will be charged, and also a small charge for materials.

THE SCHOOL OF PHILOSOPHY.

THE PRESIDENT.

The special studies of this School are pursued in two Classes, the Junior and

the Senior. In the Junior Class the attention of students is directed to the study of Moral Philosophy. The text-book used is Calderwood's *Hand-Book of Moral Philosophy*, accompanied with lectures on the history of theoretical ethics, from the days of the Grecian philosophers down to the present time. In this historical review special attention is called to the phases of English speculation under the head of Moral Philosophy, with a critical reference to the main points of controversy from age to age among the exponents of different schools.

In the Senior Class the study of Natural Theology and of Mental Philosophy is pursued under the direction of the President, who also during the current year will serve as acting Professor of Political Philosophy, the latter embracing Political Economy, Constitutional Law of the United States, and the elements of International Law. The text-books used in the study of Natural Theology are Paley's *Natural Theology* and Butler's *Analogy of Religion and Nature*, accompanied with lectures on the more modern aspects of the questions discussed under this head. The text-book used for the purposes of recitation on Mental Philosophy is Porter's *Intellectual Science*, accompanied with lectures on the history of speculative philosophy and of its leading schools in ancient times, during the Middle Ages, and since the Revival of Learning.

In the study of Political Economy, as pursued in the Senior Class of this School, the text-book used is that of Dr. Wayland, with references to the treatises of Adam Smith, Malthus, Bastiat, Carey, Mill, and others.

Story's Commentaries on the Constitution of the United States and Woolsey's *Elements of International Law* are used as text-books in the study of Political Philosophy.

A course of lectures is also delivered by the President to the Senior Class in this School on History, its sources, methods of study, elements of criticism, and its philosophy, with special critical references, under the last-named head, to the systems of Vico, F. Schlegel, Herder, Fichte, Schelling, Hegel, Bunsen, Guizot, Balmes, Buckle, Draper, and Lecky.

CONSPECTUS OF STUDIES FOR THE DEGREE OF MASTER OF ARTS.

FRESHMAN STUDIES, (FIRST YEAR.)

FIRST TERM.

- English*.—Fowler's *English Language*; *Composition*; *Elocution*.
Greek.—Xenophon's *Anabasis*, (Boise's or Kendrick's;) Boise's *Greek Prose Composition*; Goodwin's and Kühner's *Greek Grammar*; Smith's *History of Greece*; Findlay's or Long's *Atlas*.
Latin.—Ovid's *Metamorphoses*, (Andrews' or Allen and Greenough's edition;) Harkness' *Latin Prose Composition*; Harkness' *Latin Grammar*.
Modern Languages.—French: Fasquelle's *French Grammar*; *Leçons de Littérature Française Classique*; *Oral and Written Exercises*.
 German: Otto's *Conversation Grammar*.
Mathematics.—Synthetic *Geometry*, (Loomis';) *Weekly Original Exercises*.

Greek.—Homer's *Iliad*, (Boise's edition;) Greek Prose Composition and Grammar continued.

Latin.—Livy, (Lincoln's edition;) Latin Prose Composition and Grammar continued; Liddell's History of Rome.

Mathematics.—Algebra completed, (Loomis' revised or Olney's University Algebra;) Original Problems.

FIRST TERM.

Greek.—Xenophon's Memorabilia, (Robbins' edition;) Greek Prose Composition and Grammar continued.

Modern Languages.—French: Grammaire Française, (Noël et Chapsal;) Sadler's and Williams' Exercises.

Mathematics.—Plane and Spherical Trigonometry; Surveying and Navigation, (Loomis';) Original Exercises.

TIME AND TERMS OF ADMISSION.

The regular examinations for admission to the College are held on the Monday and Tuesday immediately preceding the opening of the session. Every applicant is required to deliver to the President testimonials of good moral character; and if he comes from another college he must present a certificate of honorable dismissal.

Candidates for admission to any class of the College must, unless they are graduates of the Preparatory School, sustain an examination in the following elementary studies: Spelling, English Grammar, Geography, Elements of History, and Arithmetic.

Candidates for admission to any School will be examined in all the studies presupposed by the curriculum of that School.

Candidates for admission to the School of English will be admitted to its lowest class on passing a satisfactory examination in the preliminary studies above indicated.

Candidates for admission to the School of Greek in its lowest class, the Freshman, will be examined in Goodwin's or Hadley's Greek Grammar; Goodwin's Greek Reader, or Xenophon's *Anabasis*, (first three books;) Jones' Greek Prose Composition.

Candidates for admission to the School of Latin in its lowest class will be examined in Harkness' Latin Grammar; Cæsar's Commentaries; Cicero's Select Orations; Virgil; Harkness' Latin Prose Composition.

Candidates for admission to the School of Mathematics, in its lowest class, the Freshman, will be examined in Algebra, (to Quadratic Equations,) and in the first three books of Geometry.

Real equivalents in quality and amount will be received in place of the books or parts of books prescribed as above for study preparatory to admission into the Schools of Greek, Latin, and Mathematics.

Candidates for admission to any advanced class in any School will be examined in all the previous studies of the class which they purpose to enter.

Students wishing to pursue a Select Course in any School or Schools will be admitted to the classes for which they may be found qualified; but an examination in preliminary and indispensable studies will be held in all such cases, and every student pursuing

such a course is required to embrace in his selections not less than twelve recitations or lectures per week. The choice of studies embraced in a Select Course must be made immediately upon the commencement of a term, and no student will have leave to make a new choice of studies during any single term.

CERTIFICATES AND DIPLOMAS.

The degrees of the College are conferred only on evidence of satisfactory attainments in the studies prescribed for any given degree. The eligibility of candidates for any degree is determined by the quality and the extent of their studies in the several Schools of the College.

I. Certificates of Proficiency are given to students who pass a satisfactory examination on the following studies of the several Schools: In the *First*, on English Literature, History, and Rhetoric; in the *Second*, on the Greek of the Freshman and Sophomore Classes; in the *Third*, on the Latin of the Freshman and Sophomore Classes; in the *Fourth*, on the French or the German language; in the *Fifth*, on the Mathematics of the Freshman and Sophomore Classes; in the *Sixth*, on the Chemistry of the Junior Class; in the *Seventh*, on Mental or Moral Philosophy.

II. Students who pass a satisfactory examination on all the obligatory studies embraced in any one of the Schools of the College will receive a diploma certifying the fact of their graduation in that School.

DEGREES.

I. The degree of Bachelor of Letters is conferred on students who obtain diplomas in the Schools of English, Greek, Latin, Modern Languages, and Philosophy, and who receive a certificate of proficiency in the School of Mathematics or of Natural Science.

II. The degree of Bachelor of Science is conferred on students who obtain diplomas in the Schools of English, Modern Languages, Mathematics, Natural Science, and Philosophy.

III. The degree of Bachelor of Arts is conferred on students who obtain diplomas in any six Schools, and who receive a certificate of proficiency in the residuary School of the entire course.

IV. The degree of Master of Arts is conferred on students who, after obtaining diplomas in all the Schools of the College, shall

sustain a final and satisfactory examination in review of all the studies prescribed for this degree.

Certificates and diplomas in any School of the College are awarded only at the close of the College year in each School, and after an examination duly had according to the rules of the institution.

EXAMINATIONS.

At the end of each term an examination of all the classes in all the Schools is publicly held in all the studies of that term.

The results of each Term Examination are combined with those of the daily recitations and attendance of the student during the term, in order to ascertain his academic standing at the end of that term.

Each recitation and each examination are graded on a scale of merit from 0 to 100, and a failure to reach the final average grade of 75 in any study is regarded as a failure in that study.

At the close of each College year all the classes in all the Schools are publicly examined in review of all the studies of that year.

The results of the Annual Examinations are combined with those of the Term Examinations, in order to ascertain the student's academic standing at the end of each year.

At the close of the second year of the regular course, prescribed for all the degrees of the College, the Annual Examination of the Sophomore classes in the several Schools, besides embracing all the studies of that year, will include such studies of the Freshman year as the head of each school may direct. The results of this examination will determine the eligibility of candidates to receive a Certificate of Proficiency at the end of this year in the School of Greek, Latin, or Mathematics, as the condition of attaining in regular course to one or another of the degrees dependent on such proficiency.

At the close of the regular four years' course all candidates for the degree of Master of Arts will be publicly examined by way of review in all the studies of all the Schools prescribed for that degree.

A student who fails to pass a satisfactory examination in any study at the end of a College year may present himself for re-

examination in that study at the end of the following year, and in default of doing so shall forfeit promotion with his class in that department.

All examinations which occur at the end of a College year are conducted in writing. Examinations for the degree of Bachelor of Arts and Master of Arts are concluded four weeks anterior to the date of the Annual Commencement, that time may be given to Professors for the inspection of written examination papers, and to students for the preparation of parts to be performed on Commencement Day by the successful candidates for the degrees of Bachelor and Master of Arts, to whom public parts on that day may be assigned by the Faculty.

ANNUAL PRIZES.

Besides the honors and degrees conferred in the regular course, prizes are annually offered as the rewards of special excellence in particular branches of study.

The Davis Prizes, for excellence in Elocution, founded by the Hon. Isaac Davis, LL. D., of Massachusetts, consist of two gold medals, and are annually awarded to the two successful competitors in a public contest held on Commencement Day. These prizes are awarded by a committee whom the Faculty selects for this purpose, and are publicly delivered at the close of the contest.

The Staughton Prize, for excellence in the Latin Language and Literature, and the Elton Prize, for excellence in the Greek Language and Literature, founded by the Rev. Romeo Elton, D. D., of Exeter, England, consist of two gold medals, annually awarded to the best scholar and writer in each of these languages.

The Ruggles Prizes, for excellence in Mathematics, founded by Prof. William Ruggles, LL. D., consist of two gold medals, annually awarded to the best two scholars in the pure and applied Mathematics.

The Young Prize, for excellence in Metaphysics, the gift of the Hon. Edward Young, Ph. D., of Washington, D. C., is a gold medal annually awarded to the best student in Mental Philosophy.

Any student entitled to a diploma in any school will be allowed to contend for the prizes given in that department, provided he shall have pursued the required number of studies during the year, and shall have passed satisfactory examinations in the same.

PRIZEMEN FOR THE YEAR 1876-'77.

In the collegiate year of 1876-'77, the following are the names of students who were the successful contestants for the various prizes:

The Elton Prize in Greek was awarded to THEODORE W. NOYES, of the District of Columbia.

The Staughton Prize in Latin was awarded to THEODORE W. NOYES, of the District of Columbia.

The Young Prize in Metaphysics was awarded to THEODORE W. NOYES, of the District of Columbia.

The First Ruggles Prize in Mathematics was awarded to THEODORE W. NOYES, of the District of Columbia.

The Second Ruggles Prize in Mathematics was awarded to JOHN W. CHAPPELL, of the District of Columbia.

The First Davis Prize in Elocution was awarded to THEODORE W. NOYES, of the District of Columbia.

The Second Davis Prize in Elocution was awarded to HARRY C. DAVIS, of the District of Columbia.

The gold medal for Excellence in Debate was awarded by the Enosinian Society to J. WILLARD GREENE, of Virginia.

ORDERS OF THE COLLEGE YEAR.

TERMS AND VACATIONS.

The College year, embracing nine months, is divided into two terms. The first term begins on the second Wednesday in September, and continues to the first Thursday in February. The second term begins on the first Thursday in February, and ends on the day of the Annual Commencement, which is held on the second Wednesday in June.

A vacation of eight days is given at Christmas, beginning on that holiday, and lasting until the next day after New Year's.

The 22d of February is observed as a College holiday.

A recess is given from Good Friday to Easter Monday, inclusive.

ANNUAL COMMENCEMENT.

The Annual Commencement of the College is held on the second Wednesday in June.

Public parts are assigned on Commencement Day to such students only as have passed a satisfactory examination for the degrees

of Bachelor or Master of Arts, except, as before indicated, in the case of those who may be contestants for the prize in Elocution.

A Latin Salutatory will be awarded to the graduate in each year whose average standing in all the Schools is the highest; and an English Salutatory to the student who stands second.

The Valedictory is awarded with special regard to the qualifications of the student as a Valedictorian, as well as on the ground of scholarship.

Philosophical, Classical, Scientific, Metaphysical, Ethical, Historical, or Literary Orations may be awarded to students who are eminent respectively in the corresponding Departments.

All the degrees of the College are publicly conferred on Commencement Day.

Diplomas in the several Schools, and prizes for special excellence in any Department, are publicly delivered on the same day.

PUBLIC WORSHIP.

Prayers, accompanied by the reading of the Scriptures, are offered daily in the College Chapel. All students are required to attend this service; and those who reside in the College are required also to attend Divine service on Sunday at such church as their parents may indicate, in writing, to the President, and during the day are expected to abstain from any conduct or practice inconsistent with its proper religious observance.

LIBRARY HOURS.

The College Library will be open for the distribution of books, as also for purposes of consultation and inquiry, on such days and under such regulations as the Faculty may direct at the beginning of each year. Measures have recently been taken by the Board of Trustees and Overseers for the improvement of the Library in its contents and its appointments.

The Libraries of Congress and of the various Departments of the Federal Government are also accessible to students for purposes of research in any special line of studies.

LITERARY SOCIETIES.

The Enosinian Society, a literary association, formed by the

students of the College, meets weekly in its hall for the purpose of improvement in Debate and Composition.

LECTURES.

Courses of Lectures in various departments of Science, Art, and Literature are open to the attendance of students, not only in the College, but in connection with various Associations, national and local, devoted to general culture at the Capital of the country, and furnishing peculiar facilities for information and improvement in every branch of liberal learning.

As the endowments of the University shall be enlarged by the munificence of patrons and benefactors, it is proposed to render available, for purposes of higher education, the rich collections of the Smithsonian Institution and Agricultural Department in science and natural history, and those of the United States Patent Office in technology. It is also hoped that the scheme of instruction pursued in the University may ultimately enlist in its service the scientific learning now connected with the United States Coast Survey and the National Observatory, while the Corcoran Gallery of the Fine Arts cannot but serve as a valuable auxiliary to æsthetical culture.

GENERAL ORDERS.

Every student on entering the College is understood by that act to come under a pledge that he will obey the rules and regulations prescribed by the Board of Trustees and Overseers, and by the Faculty acting under the authority of the Board.

A pamphlet copy of the Laws of the College will be furnished to every student on his admission.

A merit roll of conduct is kept, and demerits are given for unexcused absences and for violations of College laws. When any student has received one hundred such marks during any one term, or one hundred and fifty during any one year, he may be required to leave the institution.

A report of the student's standing in all his studies, including a record of all absences from lectures, recitations, or other public exercises of the College, will be rendered quarterly to parents or guardians.

The daily recitations of the College Classes are brought, as far

as practicable, into the early portion of the day, closing generally at 2.30 o'clock P. M., and on Saturday at 11 o'clock A. M. The advantages of an attendance upon the debates of Congress, and upon lectures before various associations, are thus offered to students of the higher classes without detriment to proficiency in their studies. Any parent or guardian who desires a special privilege for his son or ward in this respect must, however, signify it in writing to the President.

COLLEGE EXPENSES.

CHARGES FOR STUDENTS RESIDING IN COLLEGE.

1. Admission Fee, (paid but once, on entrance).....	\$10 00
2. Tuition for the year in three or more schools.....	60 00
3. Tuition for the year in two Schools.....	45 00
4. Tuition for the year in one School.....	30 00
5. Room rent and servants' attendance.....	20 00
6. Fuel, public and private, (estimated).....	16 00
7. Use of furniture, provided by the College.....	12 00
8. Board for 39 weeks, at \$4.50 per week, (estimated).....	175 50
9. Washing, at 75 cents per dozen.	

CHARGES FOR STUDENTS NOT RESIDING IN COLLEGE.

1. Admission Fee, (paid but once, on entrance).....	\$10 00
2. Tuition for the year in three or more Schools.....	60 00
3. Tuition for the year in two Schools.....	45 00
4. Tuition for the year in one School.....	30 00
5. Room rent and servants' attendance.....	20 00
6. Fuel, public and private, (estimated).....	16 00
7. Use of Furniture.....	6 00

From the foregoing statement it will appear that the necessary annual expenses of a student residing at the College need not exceed the sum of three hundred dollars. By the practice of economy some reduction might be made from this amount.

The charge for room rent, servants' attendance, and for fuel, as above estimated, are based on the assumption that two students occupy the same room. Students having the exclusive occupation of a room will be charged one-half in addition to the foregoing rates.

It is recommended that students who reside in the College should furnish their own rooms, and thus avoid the annual charge made for the use of such furniture as is provided by the College.

There is no common table provided by the College for boarding students, but accommodations in this respect can be had on the College grounds, or in the immediate vicinity of the College, as students may prefer. The general charge for board on the College grounds is \$4.50 per week. Facilities for the formation of boarding clubs, with a view to the reduction of expenses under this head, are open to all students who may wish to co-operate for this purpose.

All College bills must be paid at the opening of each term, and until a settlement has been made with the Treasurer of the College no student is entitled to attend any lecture or recitation.

After a student has been admitted to the College no abatement from his bill for board will be made, on the plea of absence, for an absence of less than one month, and no abatement from any other College bill will be made on this ground for an absence of less than one term, except in cases of protracted sickness.

When a student is permanently dismissed from College for any cause, the whole amount advanced for board, washing, and fuel, from the time of dismissal, will be refunded to the order of his parent or guardian.

FACILITIES OFFERED TO STUDENTS FOR THE MINISTRY.

The founders and patrons of this College have ever made it a leading object of the institution to furnish special facilities to those who are studying with a purpose to enter the Christian ministry. In pursuance of this object the Board of Trustees and Overseers have authorized the Treasurer of the College to remit the charge for tuition in favor of all such students whose means may be limited, and who shall be duly certified by the church in which they are communicants as having the Christian ministry in view. Without such certificate, however, or other equally satisfactory evidence to the same effect, no reduction on this ground will be made.

THE PREPARATORY SCHOOL.

CORPS OF INSTRUCTORS.

OTIS T. MASON, A. M., Principal, and Instructor in History and the English Language.

ALPHEUS G. LYNE, Instructor in Greek.

ANDREW P. MONTAGUE, Instructor in Latin.

ANTHONY H. JANUS, Instructor in French.

HOWARD WINSTON, C. E., Instructor in Mathematics.

EDWIN B. HAY, A. B., LL. B., Instructor in Book-keeping and Penmanship.

This School is placed under the special charge of the Principal, who controls and directs its operations, with the aid of assistant instructors, and with the advice and co-operation of the College Faculty, all of whom supervise the work of the School by participating in the instruction of the highest classes in their several departments. Its full course of study extends through four years, and includes Reading, Writing, Spelling, Grammar, Rhetoric, Geography, History, Botany, Arithmetic, Algebra, Geometry, Book-keeping, French, Latin, and Greek, and exercises in Composition and Declamation.

The Preparatory School is designed to afford a thorough preparation for the College. It furnishes also a High School Course, occupying two years, for pupils who have completed their studies in the common English branches, either in the Public Schools, or elsewhere.

TERMS AND VACATIONS.

The Scholastic Year begins on the second Wednesday in September, and ends on the Tuesday before the third Wednesday in June. The year is divided into two terms. The first term ends on the Friday preceding the third Monday in February. The second term begins on the third Monday in February.

There is a vacation of eight days at Christmas, beginning on that holiday and lasting till the next day after New Year's. The 22d of February is observed as a holiday. A recess is given from Good Friday to Easter Monday, inclusive.

The School Hours are from 8.45 o'clock A. M. to 2.30 P. M., with an intermission of half an hour at 1 o'clock P. M.

DISCIPLINE.

The School professes to be conducted on Christian principles, both in its discipline and in its instruction; but no instruction is given and no influence exerted in favor of any peculiar denominational tenets.

In addition to daily recitations, an examination is held at the end of each term on all the studies of that term.

The graded scale of merit used in the School ranges from 0 to 10, and each student must reach the grade of 7 in order to be advanced with his class.

The progress of the scholar is stimulated by daily records, by monthly and term reports to parents, by promotion in his class, and by prizes.

The boarding scholars lodge in the house of the Principal, and are treated as members of the family. They are responsible to him for their conduct at all times. In addition to regular school duties, they are required to attend study hours in the evening, under the oversight of the Principal. They are also required to attend the church of their parents' selection, and to spend a portion of every Sunday in Biblical study, unless excused by the written request of their parents.

ORDINANCES AND BY-LAWS
OF
THE COLUMBIAN UNIVERSITY
IN THE
DISTRICT OF COLUMBIA,

Adopted at the Annual Meeting of the Corporation, June 24, 1873.

CHARTER.

AN ACT to incorporate the Columbian College in the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be erected, and hereby is erected and established, in the District of Columbia, a College, for the sole and exclusive purpose of educating youth in the English, learned, and foreign languages, the liberal arts, sciences, and literature; the style and title of which shall be, and hereby is declared to be, "The Columbian College in the District of Columbia."

SEC. 2. *And be it further enacted,* That the said College shall be under the management, direction, and government of a number of Trustees, not exceeding thirty-one, to be elected triennially, by the contributors to the said College, qualified to vote, in such manner, and under such limitations and restrictions, as may be provided by the ordinances of the College, on the first Monday in May; and that the first Trustees of the said College shall consist of the following persons, viz: Obadiah B. Brown, Luther Rice, Enoch Reynolds, Josiah Meigs, Spencer H. Cone, Daniel Brown, Return J. Meigs, Joseph Gibson, Joseph Cone, Thomas Corcoran, Burgis Allison, Thomas Sewall, and Joseph Thaw; which said Trustees, and their successors, shall forever hereafter be, and they are hereby declared to be, one body politic and cor-

porate, with perpetual succession, in deed and in law, to all intents and purposes whatsoever, by the name, style, and title of "The Columbian College in the District of Columbia," by which name and title they, the said Trustees, and their successors, shall be competent and capable, at law and in equity, to take to themselves and their successors, for the use of the said College, any estate, in any messuage, lands, tenements, hereditaments, goods, chattels, moneys, and other effects, by gift, grant, bargain, sale, conveyance, assurance, will, devise, or bequest, of any person or persons whatsoever: *Provided*, The same do not exceed, in the whole, the yearly value of twenty-five thousand dollars; and the same messuages, lands, tenements, hereditaments, and estate, real and personal, to grant, bargain, sell, convey, assure, demise, and to farm let, and place out on interest, for the use of the said College, in such manner as to them, or at least nine of them, shall seem most beneficial to the Institution, and to receive the rents, issues, and profits, income and interest of the same, and to apply the same to the proper use and benefit of the said College; and by the same name to sue, commence, prosecute, and defend, implead and be impleaded, in any courts of law and equity, and in all manner of suits and actions whatsoever, and generally, by and in the same name, to do and transact all and every, the business touching or concerning the premises.

SEC. 3. *And be it further enacted*, That the said Trustees shall cause to be made for their use one common seal, with such devices and inscriptions thereon as they shall think proper, under and by which all deeds, diplomas, certificates, and acts of the said College, shall pass and be authenticated; and the same seal, at their pleasure, to break, and devise a new one.

SEC. 4. *And be it further enacted*, That the said Trustees, or five of them at least, shall meet at the College, on College Hill in the said District of Columbia, on the first Monday in March next, for the purpose of concerting and agreeing to such business as, in consequence of this act, shall be proper to be laid before them at the commencement of the work they have undertaken, and shall have power to adjourn from time to time, as they shall see cause, to any other times or places, for the purpose of perfecting the same. That there shall be a stated meeting of the said Trustees held twice in every year at least, at such place and time as the

said Trustees, or a quorum thereof, shall appoint, of which public notice shall be given, after the first meeting, at least twenty days before [the] time of such intended meeting, whenever the President, to be appointed by them, shall deem the business of the Institution to require the same, and give due notice thereof, which he is hereby authorized to do; and if at such stated or occasional meetings, five of the said Trustees shall not be present, those of them who shall be present shall have power to adjourn the meeting to any other day, as fully and effectually, to all intents and purposes, as if the whole number of Trustees for the time being were present; but, if five or more of the said Trustees shall meet at the said appointed times, or at any other time of adjournment, then such five of the said Trustees shall be a Board or quorum, and a majority of the votes of them shall be capable of doing and transacting all the business and concerns of the said College not otherwise provided for by this act; and particularly of making and enacting ordinances for the government of the said College; of electing and appointing the President, professors, and tutors for the said College; of agreeing with them for their salaries and stipends, and removing them for misconduct, or breach of the laws of the Institution; of appointing committees of their own body to carry into execution all and every the resolutions of the Board; of appointing a President, Treasurer, Secretary, Stewards, Managers, and other necessary and customary officers, for taking care of the estate and managing the concerns of the Corporation; and, generally, a majority of voices of the Board, or quorum of the said Trustees, consisting of five persons at least, at any semi-annual, occasional, or adjourned meeting, after notice given as aforesaid, shall determine all matters and things (although the same be not herein particularly mentioned) which shall occasionally arise, and be incidentally necessary to be determined and transacted by the said Trustees: *Provided, always,* That no ordinances shall be of force which shall be repugnant to this Charter, or to the laws of the District of Columbia.

SEC. 5. *And be it further enacted,* That the head or chief master for the said College shall be called and styled "The President," and the masters thereof shall be called "Professors and Tutors," but neither President, professors, or tutors, while they remain such, shall ever be capable of the office of Trustee.

SEC. 6. *And be it further enacted*, That the President, professors, and tutors, or a majority of them, shall be called and styled "The Faculty of the College," which Faculty shall have the power of enforcing the rules and regulations adopted by the Trustees for the government of the pupils, by rewarding or censuring them, and, finally, by suspending such of them as, after repeated admonitions, shall continue disobedient and refractory, until a determination of a quorum of the Trustees can be had; and of granting and confirming, by and with the approbation and consent of the Board of Trustees, signified by their mandamus, such degrees in the liberal arts and sciences, to such pupils of the Institution, or others, who, by their proficiency in learning, or other meritorious distinction, they shall think entitled to them, as are usually granted and conferred in colleges; and to grant, to such graduates, diplomas or certificates, under their common seal, and signed by the Faculty, to authenticate and perpetuate the memory of such graduation.

SEC. 7. *And be it further enacted*, That persons of every religious denomination shall be capable of being elected Trustees; nor shall any person, either as President, professor, tutor, or pupil, be refused admittance into said College, or denied any of the privileges, immunities, or advantages thereof, for or on account of his sentiments in matters of religion.

SEC. 8. *And be it further enacted*, That no misnomer of the said Corporation shall defeat or annul any gift, grant, devise, or bequest, to or from the said Corporation: *Provided*, The intent of the parties shall sufficiently appear upon the face of the gift, grant, will, or other writing, whereby any estate or interest was intended to pass to or from the said Corporation.

SEC. 9. *And be it further enacted*, That the constitution of the said College, herein and hereby declared and established, shall be, and remain, the inviolate constitution of the said College forever; and the same shall not be altered, or alterable, by any ordinance or law of the said Trustees: *Provided*, That it may be lawful for the Congress of the United States to revoke and repeal this act, at any and at all times whenever they shall think fit so to do.

SEC. 10. *And be it further enacted*, That it shall be the duty of the said Board of Trustees to keep a regular book or journal,

in which shall be entered, under their direction, besides an account of all their ordinary acts and proceedings, all the by-laws, ordinances, rules, and regulations, which may be adopted by the said Board, for their own government, and for the government of the Institution; also, a schedule of all the property and effects, real, personal, or mixed, which shall or may be invested in the said Trustees, for the use of the said College, by virtue of any gift, grant, bargain, sale, will, or otherwise, together with annual statements concerning the accounts and finances of the Institution. That it shall, moreover, be the duty of the said Trustees to cause to be enrolled, in the said book or journal, the names of all the contributors to the Institution qualified to vote for Trustees, with their respective places of residence; and the said book or journal shall at all times be open to the inspection or examination of the Attorney-General of the United States; and, when required by either House of Congress, it shall be the duty of the said Trustees to furnish any information respecting their own conduct, the state of the Institution, and of its finances, which shall or may be so required.

SEC. 11. *And be it further enacted*, That in case any vacancy or vacancies shall happen in the Board of Trustees aforesaid, by death, inability, resignation, or otherwise, at any time between the stated or triennial elections, that then it shall and may be lawful for the other Trustees, or any five of them, to proceed, at any subsequent meeting after the happening of such vacancy or vacancies, to choose, by ballot, any suitable person or persons to fill the same.

SEC. 12. *And be it further enacted*, That the employment or application of the funds or income of the said Corporation or any part thereof, for any purpose or object other than those expressed and defined in the first section of this act, or the investment thereof in any other mode than is described and provided in the second section thereof, shall be deemed and taken to be a forfeiture of all the rights and immunities derived from this act, and the same shall, thenceforth, cease, and become null and void.

Approved February 9, 1821.

TERRITORIAL ACT.

AN ACT for the relief of the Columbian College in the District of Columbia.

Be it enacted by the Legislative Assembly of the District of Columbia, That the Columbian College, in the District of Columbia, chartered by and organized and acting under the act of Congress approved February nine, eighteen hundred and twenty-one, may, from the proceeds of any sale of its property, apply such sum as may be needful to pay its present indebtedness, and place its libraries, buildings, and apparatus of instruction in good condition, and execute all deeds needful to quiet the title of property already sold.

SEC. 2. *And be it further enacted,* That the Trustees of said College elected May last shall constitute the Corporation of said College until their successors in office shall be chosen and qualified as is hereinafter provided, and may, until then, as vacancies occur in their number, temporarily fill them by the election of fit persons residing in the District of Columbia.

SEC. 3. *And be it further enacted,* That said Trustees shall meet in the Law Building of said College, at noon, on the twenty-fifth day of June, eighteen hundred and seventy-two, for the purpose of choosing, and shall then and there, or at the time and place to which said meeting may be adjourned, elect thirteen Trustees and thirteen Overseers, who shall, upon their election, constitute the College Corporation, and they and their successors shall thenceforward be, and be known and recognized as, the Columbian College in the District of Columbia.

SEC. 4. *And be it further enacted,* That the Trustees chosen at the said meeting in June, eighteen hundred and seventy-two, or who may thereafter be chosen, shall be residents of the District of Columbia, and that at said meeting, and at any annual meeting of Trustees and Overseers to be thereafter held in said city of Washington on the Tuesday next preceding the last Wednesday in June, annually, the Trustees and Overseers in convention assembled shall fill vacancies in their Board, and shall, by ballot, elect from among the Trustees two suitable persons, one to be President and the other to be Treasurer and Secretary of said Corporation and of the Board of Trustees, and shall establish ordinances and

by-laws, or alter or repeal the same; and also frame laws and regulations for the College Faculty and students in all the departments thereof, and by ballot elect such teachers, tutors, professors, lecturers, and President, and with such salaries and duties as said Corporation may deem proper.

SEC. 5. *And be it further enacted*, That at said annual meetings not less than seven Trustees and three Overseers shall constitute a quorum for the transaction of any business except adjournment, and adjournment may be made by any number present: *Provided*, That a final adjournment shall not be delayed beyond one week after the time fixed for the annual meeting.

SEC. 6. *And be it further enacted*, That during the interval between said annual meetings the Trustees shall, as now, hold semi-annual, quarterly, monthly, and occasional meetings, to fill temporarily, as the case may require, vacancies in the Faculty or in their own Board, and with all their present powers as modified by this act, subject to the ordinances and by-laws of the Corporation; but no real estate or other property of said Corporation shall, after the twenty-fifth day of June, eighteen hundred and seventy-two, be disposed of by the Trustees, except by vote of the Corporation or in pursuance of its ordinances.

Approved July 25, 1871.

AN ACT supplemental to the act of February ninth, eighteen hundred and twenty-one, incorporating the Columbian College, in the District of Columbia.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the act to incorporate the Columbian College in the District of Columbia, approved February ninth, eighteen hundred and twenty-one, be, and the same is hereby, so modified that said corporation shall be hereafter known and called by the name of the Columbian University, and in that name shall take, hold and manage all the estate and property now belonging to said College, or that may hereafter be conveyed, devised or bequeathed to said Corporation by its original name; that the restriction of the yearly value of the property of said corporation to the sum of twenty-five thousand dollars be, and the said restriction is hereby, repealed; and

that said corporation may increase the number of its overseers to twenty-one, and the number of its Trustees to twenty-one, exclusive of the President of the Faculty, who shall be, *ex officio*, a trustee of said corporation.

SEC. 2. That the act for the relief of the Columbian College in the District of Columbia, enacted by the Legislative Assembly of said District, and approved July twenty-fifth, eighteen hundred and seventy-one, be and the same is hereby, approved and confirmed: *Provided*, That this act, nor the said act of the Legislative Assembly of the said District, shall be so construed as to authorize the said Columbian University to sell, or use the proceeds of any sale of land granted by Congress to said institution for any purpose other than that expressed in the act of incorporation, and the act granting any such land or real estate, or contrary to any will, devise or grant of any land or real estate heretofore or hereafter made, by any person or persons to said institution.

ORDINANCES AND BY-LAWS.

ARTICLE I.—*Officers.*

The OFFICERS OF THE CORPORATION shall be—

A President,

A Vice-President,

A Secretary and a Treasurer ;

all of whom shall be chosen from the Trustees by ballot, at the annual meetings of the Corporation, and hold their offices for one year, and until their successors are chosen and qualified ; the ballots of a majority of the corporators present and voting at such meetings being necessary to a choice. There shall also be chosen at said meetings, by ballot or otherwise, the following committees :

An Executive Committee of five Trustees ;

An Auditing Committee of three Trustees ;

A Committee on the Preparatory School ;

A Committee on the College proper ;

A Committee on the Law School ;

A Committee on the Medical College ;

And a committee on every other School or College connected with the University ; each of said committees to consist of three Trustees.

Any vacancy in either of said offices or committees, in the Faculty of the University, or of any of its Schools or Colleges, or in the Board of Trustees, that may occur between said annual meetings, may be temporarily filled by the Trustees, at any duly-notified meeting of the Board, by the ballots of a majority of Trustees present and voting at such meeting.

Honorary Overseers and Trustees.

The President of the United States, the Chief-Justice of the Supreme Court of the United States, and the Attorney-General shall be Honorary Trustees of the University, and may attend the meetings of the Corporation and of the Board of Trustees, with the privilege of discussion but not of voting therein ; and any person who shall give ten thousand dollars to the Corporation shall be either an Honorary Overseer or Trustee, according to his residence.

ARTICLE II.—*Powers and Duties of the Officers of the Corporation.*

1.—*President.*

The President of the Corporation shall preside at all annual or other meetings of the Corporation, and at all meetings of the Board of Trustees, with the powers ordinarily bestowed upon the presiding officers of deliberative assemblies.

2.—*Vice-President.*

In the absence of the President, his powers and duties shall devolve upon the Vice-President, and in the absence of both these officers, upon a Chairman, who shall then be chosen for that purpose.

3.—*The Secretary.*

The Secretary shall notify all meetings of the Corporation, and of the Trustees, and shall attend and keep a record of all business transacted at those meetings. He shall issue all notices to committees and others, conduct the correspondence of the Corporation, and have the custody of their files and records except as herein otherwise provided. He shall hold the seal of the Corporation, and affix impressions of the same to all diplomas, deeds, and other papers requiring such impression, conformably to these ordinances, and to votes of the Corporation and of the Board of Trustees.

The seal shall remain the same that has been heretofore used by the Corporation, substituting the words *Columbian University* for *Columbian College*.

He shall have the custody of the plates from which are printed the College diplomas, and shall cause such diplomas to be printed, engrossed, and sealed, as may be directed by the Trustees or by the Corporation.

4.—*The Treasurer.*

The Treasurer, before entering upon his duties, shall give bond in the sum of ten thousand dollars for the faithful performance of said duties, with two or more sureties to the satisfaction of the Executive Committee, which bond shall be deposited with, and safely kept by said Committee.

He shall receive and receipt for to the party making payment,

all moneys paid to him as Treasurer; pay all bills approved by the Executive Committee and none other, except salaries duly established; invest, as the Executive Committee and the President of the Corporation shall jointly direct, the endowment funds of the University; keep full and complete records, accounts, and schedules of all such receipts, disbursements, and investments, and of all the estate and property of the Corporation, and report the same, duly vouched and certified by the Auditing Committee, to the University at its annual meetings, and to the Trustees whenever they may so direct.

The said annual report shall be sent, in print, to each member of the Corporation, with the notice of the annual meeting.

The salary of the Secretary and Treasurer shall be fixed by the Board of Trustees, but shall not, in the aggregate, exceed fifty dollars a month.

5.—*Executive Committee.*

The Executive Committee, by such business agents as they may designate, shall collect and pay over to the Treasurer all rents, interest, dividends, subscriptions, tuition fees, and all other moneys at any time due to the Corporation; keep properly insured and in good repair all buildings belonging to the University; take care that the grounds and fences, and matters thereto appertaining, be kept in good condition; and have, subject to the orders of the Corporation and of the Trustees, the control and management of the property and business affairs and interests of the University.

Said Committee shall meet once at least in every month for the transaction of business, and shall keep a full record, by a clerk of its own election, of all its doings, which record shall, at all times, be subject to inspection by the Board of Trustees and Board of Overseers.

Jointly with the Treasurer, the Executive Committee shall have the custody of, and shall keep in some place of safe deposit selected by said Committee, all deeds, mortgages, policies of insurance, leases, bonds, shares, promissory notes, and all other scrip and securities belonging to the Corporation, all of which shall be deposited in a safe with some safe-deposit company, the key to which safe shall be held by the Treasurer, but which safe shall not be opened except in presence of him and some other member of the Executive Committee.

The Vice-President of the University shall be chairman of the Executive Committee, of which Committee the President of the Faculty shall be a member.

The business agents employed by the Executive Committee shall receive such compensation as said Committee may direct: *Provided*, That said compensation shall not exceed three per cent. on the moneys collected and paid over to the Treasurer by said agents, and provided that nothing shall be paid for the collection of dividends or interest.

Once at least in each year, and oftener if required by the Board of Trustees, the Executive Committee shall present to said Board a full report of their doings from the date of their last preceding report.

6.—*Auditing Committee.*

The Auditing Committee shall carefully examine all the Treasurer's accounts and vouchers, and endorse upon said accounts the result of their examination, before such accounts are laid before the Trustees.

7, 8, 9, 10.—*Other Standing Committees.*

Each of the other Standing Committees, twice at least in every term of the School or College confided to its care, once near the opening, and once near the close of each term, shall visit and carefully inspect the condition of said School or College, and make a written report thereon to the Executive Committee, and the substance of those reports shall, by the Executive Committee, be made known to the Board of Trustees.

ARTICLE III.—*Meetings of the Corporation.*

The annual meeting of the Corporation shall be held in the city of Washington, at 12 M., on the Tuesday next before the last Wednesday in June; notices of which meeting shall be given in writing, through the post-office, by the Secretary, to every Overseer and Trustee, including honorary Trustees, at least one week before the day of meeting.

Upon the written application of seven Overseers, or of seven Trustees, or of the Executive Committee, addressed to the President or acting President of the Corporation, a special meeting

of the Corporation shall be called, upon such notice as is above prescribed for the annual meeting, for the transaction of such business only as may be specified in the notice.

The Trustees shall submit an annual report of the operations of the University in all its departments at each annual meeting of the Corporation; which report shall, under the direction of the Trustees, be prepared by the President of the Faculty, and shall contain a full account of the affairs and condition of every College and School of the University, together with such suggestions as the Trustees may deem likely to promote the welfare of the University, and the cause of good morals and sound learning.

The Corporation, at its annual meeting, shall take such action as it may deem needful in the election of President and Faculty of the University and its several Colleges and Schools, and in regard to any and all matters affecting the interests of the Corporation.

ARTICLE IV.—*Meetings of the Trustees.*

Once in each quarter-year, viz., on the second Wednesday of June, September, December, and March, there shall be a regular meeting of the Board of Trustees for the transaction of such business as may be lawfully brought before the meeting.

Special meetings of the Trustees may be called whenever the President of the Corporation may direct, at which meetings only such business shall be transacted as may be specified in the notice.

All meetings of the Trustees shall be notified by the Secretary, by letter to each Trustee, mailed not less than two secular days before the meeting.

The year of the Corporation, for all financial purposes, begins at noon on the first Wednesday of June.

ARTICLE V.—*Quorum.*

In all cases not otherwise provided, a majority of the persons entitled to attend and vote shall constitute a quorum for the transaction of business. A smaller number may adjourn any meeting.

ARTICLE VI.—*Sales of Land and other Property.*

None of the real estate of the University shall be sold by the Trustees except such as they may be authorized to sell by the

Corporation, and the concurrence of nine Trustees shall be necessary to authorize any such sale. All deeds and conveyances of the real estate of the University must have the signatures of the President and Treasurer of the Corporation, and also of the Chairman of the Executive Committee.

ARTICLE VII.—*Examinations, Commencements, and Exhibitions.*

The Commencement of the Columbian College shall be held annually on the second Wednesday in June; that of the Law School on the Tuesday next before the second Wednesday in June; that of the Medical College (after the year 1877-'78) on the Tuesday next after the second Wednesday in June; and the annual Exhibition of the Preparatory School on the Friday next after the second Wednesday in June.

Whenever the Trustees shall so determine, any two or more of said Commencements and Exhibitions may be combined and held on one and the same day.

The Board of Trustees will determine at what hour and where each and all of these anniversary celebrations shall be held.

No person will be allowed to deliver any address, or to take any part in them, without the sanction of the Faculty of that College or School.

No medal or other badge of merit, and no diploma or certificate of any sort will be conferred at those anniversaries, except by direction or permission of the Board of Trustees, on the recommendation of the several and respective Faculties of said Colleges and Schools.

The President of the Faculty will preside at all of these celebrations, and, under the Trustees' direction, will determine what seats shall be reserved, to whom such seats shall be assigned, and what shall be the form and style of the invitations and cards issued therefor.

At no Examination, Commencement, or Exhibition will the introduction or use of any distilled spirit or fermented liquor be allowed, on penalty of forfeiture of diploma to the offending party.

ARTICLE VIII.—*Diplomas and Certificates.*

All diplomas and certificates of Scholarship bestowed upon graduates from the University, or any of its Schools or Colleges,

or upon any other person, shall be signed by the President of the Faculty and by the Secretary of the Corporation.

The only charge for any diploma shall be the mere cost thereof, assessed by the Executive Committee, and paid to the Treasurer.

ARTICLE IX.—*Course of Instruction.*

The present course of studies and instruction in all the departments of the University shall continue, subject to such changes as may be made by the Corporation or by the Trustees.

ARTICLE X.—*Free Instruction to Children of Professors and other Teachers.*

No tuition fee shall be charged for the instruction of the children of any professor or teacher connected with the academic department of this University, or for the tuition of any student for the ministry of any denomination, who comes recommended by the Church of which he is a member.

ARTICLE XI.—*The Faculty.*

The present corps of instruction, and their present rate of salary, shall be continued until the Board of Trustees shall otherwise direct, and may be increased by the Trustees, subject to the approval of the Corporation.

ARTICLE XII.—*Names of the Colleges and Schools of the University.*

The names of the several departments of instruction shall be as follows, viz:

The Preparatory School of the Columbian College.

The Columbian College.

The Law School of the Columbian University.

The National Medical College of the Columbian University.

And no other name or title shall be used by the corps of instructors in these departments.

ARTICLE XIII.—*College Laws.*

All students connected with the University, in any of its Schools or Colleges, shall be subject to such rules, not inconsistent with these Ordinances and By-Laws, as may be established by their respective Faculties, with the approval of the Board of Trustees.

ARTICLE XIV.—*Vacancies.*

The place of any member of the Corporation who shall be absent, without satisfactory reason, from two successive annual meetings of the Corporation, shall be declared vacant.

ARTICLE XV.—*Tuition Fees.*

In all the Colleges and Schools connected with the University, including the Preparatory School, every student must pay the tuition fees, established by the Corporation or Board of Trustees, within one month after they become due, or, failing to do this, the delinquent student must not be allowed to receive any further instruction until such fees are fully paid.

ARTICLE XVI.

All Ordinances, By-Laws, and votes of the Corporation at variance with the foregoing are rescinded and repealed.

AUDITORS' REPORT.

WASHINGTON, *June 1, 1878.*

To the Corporation of the Columbian University:

GENTLEMEN: In obedience to the resolution of the Corporation adopted June 29, 1875, the Auditing Committee respectfully report that they have examined the bonds, notes, and other securities belonging to the Corporation in the possession of the Treasurer, and find them to agree with former lists, and to correspond with the schedules thereof prepared by him and made a part of his report. The bonds and securities are securely kept in the vaults of the National Safe Deposit Company.

The Committee have also carefully examined the detailed report of the Treasurer exhibiting the receipts and disbursements for the year ending May 31, 1878, and find the same to be correct, and the disbursements to agree with the vouchers. The report also contains full information concerning all property of the Corporation, and the condition of the several funds and investments.

The accompanying schedule of real property represents its fair value as officially appraised for taxation, except the College grounds and buildings, which are appraised by us, the present total being \$386,573.00. The cash in the Treasurer's hands at this date is \$2,751.63, of which \$1,581.02 belongs to the Corcoran Endowment Fund, and is applicable only to investment.

Respectfully submitted.

A. ROTHWELL,
HENRY BEARD,
J. ORMOND WILSON,
Committee.
